 Portfolio

Education

Guru Ghasidas Vishwavidyalaya (GGV), Bilaspur2024 – 2028

Bachelor of Technology (Information Technology)CGPA: 8.75

Technical Skills

Programming Languages: Python, C++, JavaScript, SQL

AI / ML: Machine Learning, Deep Learning, Computer Vision, TensorFlow, PyTorch, Scikit-Learn, NumPy, Pandas

Frontend: HTML, CSS, JavaScript, React.js, Next.js, Tailwind CSS

Backend: Node.js, Express.js, REST APIs

Databases: MongoDB, MySQL

Tools: Git, GitHub, Docker, Vercel, VS Code

Projects

VeriLex AI — Python, TensorFlow, Computer Vision

- Developed an AI-powered document verification system for authenticity validation and fraud detection.
- Applied Computer Vision techniques to automate document analysis and verification workflows.
- Designed scalable verification pipelines for secure and efficient processing.
- Built during hackathon-based innovation and real-world use case exploration.

AI Job Recommendation Portal — React.js, Node.js, MongoDB, Machine Learning

- Developed an intelligent recommendation platform to match candidates with suitable opportunities.
- Built responsive frontend and scalable backend architecture.
- Implemented recommendation workflows, authentication, and database integration.

Personal Portfolio Website — Next.js, TypeScript, Tailwind CSS, Framer Motion

- Designed and deployed a recruiter-focused portfolio website.
- Showcases projects, achievements, certifications, leadership experience, and technical skills.
- Implemented responsive design, modern UI/UX, and smooth animations.
- Deployed on Vercel with professional contact integration.

Leadership & Experience

PR Representative — Mood Indigo, IIT Bombay

- Coordinated promotional campaigns and student outreach initiatives.
- Increased engagement through communication and networking activities.
- Collaborated with student communities across institutions.

GDGC GFG AI/ML Team Executive

- Participated in AI/ML workshops, discussions, and technical initiatives.
- Collaborated on practical projects and community learning activities.

Achievements

- Participant, NHIDE 2026 Hackathon.
- Built multiple AI/ML, Computer Vision, and Full Stack Development projects.

Certifications

- Data Science Certification
- Python Programming Certification
- Artificial Intelligence Fundamentals
